

BLACK LABEL SERIES

INDUSTRIAL AEROSOLS THAT GET THE JOB DONE

SPRAYWAY'S BLACK LABEL SERIES A PREMIUM INDUSTRIAL AEROSOL LINE

SAFE, EASY-TO-USE, LOW-COST

These Premium Industrial Products will extend the life and increase the operating efficiency of your equipment.

CLEANERS / DEGREASERS SP284, SP285, SP286 SP287 SP293
Products cut through grease, grime, oil and tar while being CARB / OTC compliant

LUBRICANTS / MOISTURE DISPLACERS SP288, SP289, SP290
These multi-purpose lubricants penetrate, displace moisture while preventing corrosion under multiple applications

SPECIALTY PRODUCTS SP292, SP291, SP294, SP295
Premium products that lubricate and extend the life of operating equipment under extreme conditions

WHMIS labeled for sale in Canada

SP284 D¹ ALL PURPOSE CLEANER* CAN 20 OZ., NET WT. 19 OZ.

This industrial strength foaming cleaner is excellent for use on metal parts, motors, equipment, most plastics, tools, workbenches, and many other hard surfaces.

This water-based formula cleans as it deodorizes. A non-abrasive, fast acting cleaner for a wide range of cleaning applications. Breaks up grease & grime.

SP285 D² SOLVENT DEGREASER CAN 20 OZ., NET WT. 14 OZ

This value added heavy duty degreaser is an economical alternative to 1,1,1 and chlorinated solvents. For use on metal parts for degreasing oils, grease, and soil. High flow - no residue - quick dry formula.

SP286 D³ CITRUS DEGREASER CAN 20 OZ., NET WT. 15 OZ

The D3 is a natural citrus degreaser that attacks oil, grime, grease, tar and various other contaminants on hard surfaces.

Use this product on metal parts, concrete, glass, and other surfaces. Leaves little or no residue. Works instantly while it leaves a clean citrus scent.

SP288 L¹ LUBRICANT PROTECTANT CAN 20 OZ., NET WT. 15 OZ

L1 is a multi-purpose lubricant and protectant that loosens rust and corrosion making it easy to separate parts where there is metal to metal contact. Formulated with corrosion inhibitors to protect metal surfaces. This product cleans, protects, lubricates and displaces moisture without leaving a sticky residue.

SP290 L² MOISTURE DISPLACER

DEEP PENETRANT* CAN 20 OZ., NET WT. 20 OZ

A penetrating lubricant that is specially formulated to penetrate rusted or frozen nuts and bolts. The L2 displaces moisture while it penetrates into the smallest areas to clean and lubricate. Saves production, maintenance and repair time as it protects and preserves equipment.

- Retards corrosion while it displaces moisture.

SP289 L³ MOLY PTFE LUBRICANT* CAN 20 OZ., NET WT. 15 OZ

The L3 lubricant is formulated with PTFE and fortified with Moly to provide long lasting lubricant and protection from friction, wear and corrosion. This fast acting moisture displacer is temperature resistant to 500°F. Its light viscosity allows for deep penetration into hard to reach moving parts.

SP287 C¹ PENETRATING COIL CLEANER* CAN 20 OZ., NET WT. 19 OZ

This penetrating coil cleaner has a delayed foaming action to allow the non-acid, non-chlorinated, alkaline surfactant package to attack dirt, grime, soil, deposits and contaminants. The dual quat foaming action expands and flushes contaminants out of coils as it deodorizes drain pans. Reaches hard to get areas and reduces overspray. Use this product on: Evaporators, condenser coils, HVAC units, metal filters, fan blades, etc.

SP292 S¹ SILICONE SPRAY NSF CAN 20 OZ., NET WT. 11 OZ

This light duty silicone spray is non-staining, non-corrosive, and quick drying. A versatile dry silicone suitable for a variety of uses. The S1 will not leave a film. The S1 Silicone Spray may be used on machinery where there may be incidental food contact by following the provisions of the FDA regulations in 21 CFR 178.3570 and 178.3530.

- Excellent release agent and lubricant for all surfaces.
- Remains dry and is non-staining

SP291 M¹ MOLY CHAIN & CABLE LUBRICANT CAN 20 OZ., NET WT. 15 OZ

A chain & cable lube that provides superior penetrating action to rollers, pins, links and bushings of chains. The M1 leaves a lubricating film which reduces friction, wear and corrosion. When applied to wire ropes and cables, the Moly and other additives plate the strands to provide anti-wear and rust protection.

- The M1 forms a lubricating film that cannot be wiped away by extreme pressure or high speeds.

SP293 P¹ PRECISION CONTACT CLEANER CAN 20 OZ., NET WT. 13.5 OZ

P1 precision contact cleaner is safe to use on most plastics. Leaves no residue and evaporates quickly. Perfect for cleaning electronic equipment, printed circuit boards, switches, telephones, PCs, edge connectors, tape heads, etc.

- Cleans, lubricates, penetrates and loosens corrosion
- Prevents corrosion by displacing moisture

SP294 G¹ PREMIUM GOLD GREASE CAN 20 OZ., NET WT. 13 OZ

This premium gold grease delivers excellent lubrication and prevents corrosion while extending the life of operating equipment. The G1 is fortified with extreme pressure (EP) additives to withstand extreme temperatures and extreme conditions, with a Timken Load "OK" value of 65 lbs.

SP295 T¹ TFE DRY COATING LUBRICANT

AND RELEASE AGENT* CAN 20 OZ., NET WT. 12 OZ

This non-oily, non-staining woodworker's lubricant remains dry during use. Extremely slick, T1 will not melt below 500°F, will not attract or hold dust or dirt and will not become gummy. Repels oil and water. Reduces friction. Inhibits resin build-up while it prolongs tool life.

SP284 SP285 SP286 SP287 SP288 SP289 SP290 SP291 SP292 SP293 SP294 SP295

*Not required to be labeled as flammable per 16 CFR 1500.

COMPANY INFO

Sprayway, Inc. has been committed to providing quality pressurized chemistry since 1947. With the introduction of the BLACK LABEL SERIES Industrial Line we continue with our industry leading stewardship of developing new products that strike a balance between high-quality, high-performance products, while complying with stringent statutory and regulatory requirements.

SUSTAINABILITY INFO

The core elements of our sustainability initiative are:

- Reducing Greenhouse Gas Emissions and VOCs - Sprayway Inc. has set a goal to continually monitor and improve our formulations so that we can achieve a 10% reduction over the next 3 years.
- Driving formulation transformation - Sprayway Inc. continues to invest in Research & Development to identify more environmentally friendly products.
- Leveraging World Class Expertise - Sprayway Inc. participates in leadership in several key industry associations to ensure that we are ahead of the curve from an environmental standpoint. These organizations include the ISSA, CSPA and the WAIB.

REGULATORY SPECS

All 12 Industrial Products comprising the BLACK LABEL SERIES:

- Comply with all VOC regulations in CARB, OTC and LADCO states
- WHMIS labeled for sale in Canada
- Contain NO Ozone Depleting Compounds
- Aerosol cans and plastic overcaps are 100% recyclable
- Contain NO CFC's
